

Vol. 147

Guava & P. de H. B.

Nov. 21

15 ft. Guava, or Palm Banna
west of town along Guantana road
west of Guava

10350 Palm Guava Banna

11-15 ft. Euphorbia with yellow

10351 Shrub ^{at Guava} 6-12 ft. spreading
roadside & thickets - Guantana

10352 Pereskia, 4-6 ft. fls. purple
road, roadside, thicket

10353 Grass 3-4 ft. in clump, leaf
very common fl. bright brown

10354 Sida 6-18 in small leaf, fls.
yellow in some spots

10355 Malvaceae, yellow 2-3
ft high. roadside weed

10356 Euphorbia in thin grassy
spots, stem red 12-18 in fl. white

10357 Comp. prostrata among grass
in wet places, fls. yellow

- 10358 *Ficus*? 2 ft.
in moist grassy places
- 10359 Herb. 2-3 ft. fls. light blue.
woody in fruit. thick grass
- 10360 *Cyperaceae*, white flower
in dampish grassy places
- 10361 *Malpighia*, weak shrub
fls pinkish season
- 10362 *Cestrum*? shrub to 6 ft
fls white, ph. dark blue-purple
- 10363 *Malpighia* woody vine
4-6 ft. fls yellow. ph. brown with red
- 10364 Grass. Unusual like straw
dryish brown spots
- 10365 *Convolvulaceae*, fls small
whitish. thickets season
- 10366 *Melastomaceae*, semi-woody
fls yellow. roadside
- 10367 *Eupatorium* 2-3 ft.
aromatic, fls white, pastures
- 10368 *Apoc.* vine 6-8 ft
climbing over shrubs in thickets
- 10369 *Convolvulaceae*, climbing vine
fls white to black
- 10370 *Convolvulaceae* to 6 ft.
fls white, thickets
- 10371 *Convolvulaceae*, climbing
side of road, thickets
- 10372 *Convolvulaceae*, climbing to 10 ft
fls white in grassland
- 10373 *Grass* *nanodespectus*
common
- 10374 *Blue grass*
roadside
- 10375 *Cucurbit* vine
roadside
- 10376 *Solanum*, spiny tree to 4 ft.
glob. fl. by n. orange-red, Pasture
- 10377 *Convolvulaceae*, firm stem
corolla 1/2 in purplish red
- 10378 *Passiflora* 3 ft.
glob. fl. blue-black
- 10379 *Paspalum*, Grass 3 ft.
moist land

✓ 10380 Comp. herb. 1-2 ft. in
moist soil

10381 Herb. 1-2 ft. in
fl. white, fruit to waxy black

✓ 10382 Sugarcane, 10 ft. tall
leaves, lustrous in grass

10383 Sp. ce. herb. 1-2 ft. in grass
rotund. fl. etc. 1 in, dark pink

✓ 10384 Grass, leaves red bank
2 ft.

✓ 10385 Silky grass 4-5 ft
damp ravine

✓ 10386 Jaegeria, spiny leaf shrub
3-5 ft. fl. oblong light red.
leaves red bank

Nov 22 same place

✓ 10387 Eleocharis 6-8 in
in ditch, by roadside

10388 Rumex crispus 1-2 ft
in ditch fls. pinkish

10389 ... 4-6 in ...

10390 ... in ditch

10391 ...

10392 Grass ...

✓ ... grass

✓ 10393 ... 6-15 ft. roadside, frag-
rant fls. yellow

✓ 10396 ... 12 in
in ditch

✓ 10397 Curping grass 4-6 in
dry bank

10398 Grass, 6-10 in - dry
bank

✓ 10399 Grass, 12 in dry bank

- 10400 Sag. prostrata Herb. 2-3 ft. fls yellow - in tall grass
- 10401 Comp 6-8 in - small bracts white in low grass
- 10402 Sag? Herb 6 in - hairy bare - barren spots
- 10403 Small herb - convolvulaceae infl. hairy. - grassy banks
- 10404 Sag. 10-15 in fls yellow pinnate
- 10405 Sag. 8-12 in fls yellow multiflorate?
- 10406 Cyperaceae - 4 in - tufts of hair-like leaves, under grass
- 10407 Grass - 4-6 in tufts of hair-like barren spots
- 10408 Cyperus? in wet spots 3 in. very scarce
- 10409 Silky grass 12-18 in
- 10410 Herb. 6-12 in. fls pinkish rubraea? in grassland
- 10411 Grass, hairy leaf in moist spots
- 10412 Rhyssolopora? 5-10 in in grassy place
- 10413 Grass - 6-12 in in moist spots
- 10414 Grass, in pine tufts in barren place
- 10415 Bromeliad, large bulb-like, on stem
- 10416 Selvia 2 ft by water hole
- 10417 Herb 12 in in grass fls blue
- 10418 Urtica? 11 in fls pink, moist ground
- 10419 Brachyura 18 in fls blue, in grass
- 10420 Sag. shrub 2-3 ft fl yellow
- 10421 Scudder herb 2-3 ft in grass capsule
- 10422 Shrub or tree to 10 ft fls yellow
- 10423 Rhyssolopora? to 2 ft margin of water hole

- 10424 *Scirpus*? 4-5 ft
in deep water banks
- 10425 Comp. scape 4-8 in
fls pink
- 10426 Spreading herb. fine
fl heads white; Rubiaceae?
- 10427 *Chaptalia* scape 5 in
- 10428 *Aloe*, vine 3-4 ft
fls funnel form bright yellow
- 10429 Herb, 8 in. fruit, base
spots cf = 10412
- 10430 Herb 6-8 in *Sigmoanthus*?
open dry spots
- 10431 *Fembrystis* 6-8 in
moist place
- ✓ 10432 *Scleroph* 1 1/2 ft
dry places

Nov 24. to Sierra across
river mostly among limestone
stone rock at base of hills

- 10433 *Jacquinia* 3-5 ft, fruit
sub. ...
- 10434 Sag herb. 2 ft, fruit
... fls yellow
- 10435 Herb 1 1/2 ft fls white
radicle
- 10436 Tree 25 ft, fls white - white
fragrant, "*Buzunia ussua*"
- 10437 Herb, ... fls white
radicle
- 10438 Sag, fls bluish pink
radicle base
- 10439 *Malva* 12 in fls
white radicle base
- 10440 Sag, 2-3 ft, fruit white in
grass fls pink
- 10441 *Verbena*? 2-3 ft prostrate
in grass fls white
- 10442 *Buzunia* Tree 15-25 ft -
looks different than eastern tree
- 10443 *Scleroph* 6 ft, fl red?
aristate

10442 Tree 20 ft. rocks - shade

10445 Grass - hum. 2-3 ft
tall in wet place

10446 C. ...
sun ...
water ...

10447 Shrub 3-5 ft
fls white, fr red. Cordia?

10448 Serjania, woody vine
many feet fl. bronze red

10449 Shrub 10 ft., aromatic
in thicket of = 10443

10450 Cyperus among hum
stems wet in rich soil

10451 Shrub 8 ft
spray, fl red to black

10452 Urticacera 4-6 in
stinging, fls white with veins

10453 Fern, among rocks

10454 Tree 15 ft., among
sun stem rocks

10455 Woody grass to 6 ft
among rocks

10456 ...

10457 ...

10458 ...

10459 Silky grass 9 ft
fron of rock?

10460 Woody vine, many feet
ov. rocky precipice, tubular fls
6x3 in white just top sloped
white fls, seeds black ^{fragrant}

10461 Aspidium 3-5 in
sun stem rocks

10462 Woody vine many feet
globular fl. yellow Pisonia?

10463 Shrub 6 ft., silky foliage
fls white fl. globular

10464 Cissus, vine many
feet on rocks, fruit

10465 Woody vine many feet
on bushes fls whitish

10466 Small tree 10 to 12 ft
fls brownish red

10467 *Sarcocornus*
in thin stream bed

10468 *Crucifera Polypodiaceae*
clinging to thin rock

10469 *Palafoxia Guianensis* var.
with stout trunk to 15 ft
infl. pendul. fls. white

10470 *Chrysophyllum*
tree 12-15 ft, fl. purplish

10471 Tree 20 ft
fl. white

10472 Shrub to 10 ft
fl. light red oblong, *Erythroxylum*

10473 *Eugenia?* shrub 10 ft
fl. brownish black, aromatic

10474 *Passiflora* 2-3 ft
fls. white fl. blackish

10475 Grass
roadside bank

Nov 25 Palm *Commersonia*
along Mantua Road west
of Guana

10476 *Polypodiaceae* 2 ft
in thin stream bed

10477 *Crucifera* 3 ft
in thin stream bed

10478 *Scleria* 15 in
by brook

10479 *Xyris* 16-12 in fl. white
in grassy place

10480 *Oxalis*
fl. corolla, grassy moist place

10481 Grass, slender creeping
Brazilian Grass

10482 *Panicum* upright
reddish brown

10483 *Utricularia* fl. yellow
many stems from larger root

10484 *Panicum*, upright
narrow leaves

10485 slender grass
moist place

10486 *Iridaceae?* fl. "bulbous"
root" wet grassy place

10487 Shrub-like 10 in
fl. white?

10488 *areolip.* *Vism.* fl. white
in grassy place

10489 ✓ *Scleria?* slender
moist place

10490 ✓ *Duguetiopsis* in
grass

✓ 10491 Herb, fls white, *Utricularia?*
in grass

✓ 10492 *Pinguicula*, long yellowish
scapes 3-4 in "closed" fls white

✓ 10493 *Sudburgia*, slender 2 ft
fls yellow

✓ 10494 *Eleocharis*, tall, 3-4 ft,
in brook

✓ 10495 *Xyris?* 2-3 ft
fls, fls? white

✓ 10496 minute herb 1-3 in
tubular fls closed, whitish

✓ 10497 *Xyris?* 6-12 in. "
wet grass, lvs flat, fls yellow

✓ 10498 *Cyperaceae*, small
tr, capillary

✓ 10499 *Pinguicula*
ground white?

✓ 10500 *Rhynchospora?*
slender

✓ 10501 *Eleocharis*
slender

✓ 10502 *Furcraea?* 12 in
dry bank

✓ 10503 *Onocleaceae?* 12 in
shrub - y bank

✓ 10504 *Scleria* very slender
moist place

✓ 10505 *Pinguicula* small
fls yellow (fl lost)

✓ 10506 Herb, small erect fls
pink moist soil

✓ 10507 Herb, stiff and grass
well fls pink in moist ground

✓ 10508 *Cyperaceae*, small
in grass

✓ 10509 *Cyperaceae* 12 in

✓ 10510 *Polygala?* fls white
rare

✓ 10511 Creeping close to ground
fls white, *Evolvulus?* roadside

✓ 10512 Herb 1-2 ft, fls blue
Roadside ditch wet?

✓ 10513 *Eleocharis*
roadside ditch

✓ 10514 Herb 3-5 ft, *Baccharis?*
roadside — fls white

10515 *Bromus* ...
... on shrubs

10516 Annual plant, thick shrub
2 ft, fls pink, dry grass land.

10517 Shrub 2-5 ft, Leguminosae
fls white, dry places

Nov 26 back of Simons Stream Simons
Girardinia

10518 Shrub to 12 ft, fls bright red
grass land between ^{Simons} rocks

10519 Woody Vine fls white
over dry Simons rocks

10520 Small tree 10-12 ft
among Simons rocks

10521 Asclepiad, Vine, milky juice
no leaves fls yellow on rocks

10522 *Septocarpus*? over
Simons stream rocks Cuttings

10523 Vine, Lurbaeae, 8 ft
fls orange-colored over Simons rocks

10524 Cactus, plump light
green, not ribbed, spines small,
creeping downward over
Simons rocks Cuttings

10525 Woody Vine 10 ft
... on rocks

10526 ...
... on rocks

10527 Woody Vine, young plant
fls purple Leguminosae, seed red

10528 Bromeliad, black
green on Simons rocks prosopis

10529 Woody Vine 10 or more
ft, fls bright orange yellow

10530 Small tree 12 ft among
Simons rocks

10531 Shrub 3 ft, on side of rocks
angiosperm fls white

10532 Small tree 15 ft, among rocks
axillary fls yellow green

10533 Woody Vine 10-12 ft
young leguminosae, bronze & green
grassland among Simons rocks

10534 Annual plant, Woody Vine
3-4 ft, fls black grass ^{among} among
Simons rocks

10535 Shrub 5-8 ft
distinct fruit fleshy, bright red
among Simons rocks

10536 Small tree 10-12 ft. trunk
mainly 4-winged, reddish brown

10537 Sargol tree, small tree
Fls. ped. fl. glabrous

10538 Aerial. Vines 10 ft
long, oval fruit, among
lime rocks and rocks

10539 Tree close to water 15 ft
fl. rusty brown Suga?

10540 Polypodium aureum?
on face of high precipice, S. rock

10541 Peppercorn, crevices of
lime rock fragment light
green

10542 Fern, base of lime rock

10543 Plumieria 4-8 ft. on top
of dry rock, fruit only

10544 Creeping herb with face
of lime rock - fls. white

10545 Silvery fern, with
face of lime rock

10546 Adiantum ^{clump} base of
lime rock precipice

10547 Croton? 3-4 in moist
face of lime rock infl. reddish

10548 Herb, Sides of precipice - etc
15 in. fruit only

10549 Grass, ^{clump} base of high
cliff

10550 Croton? 6-8 in high green
with face of lime rock cliff

10551 Tree 40 ft. on rock
fruit light green

10552 Small tree 15 ft
fl. wood red to black

10553 Panicum? broad leaf
clump, in shade water along arroyo

10554 Coffee? 15 ft x 3 in, among
lime stone rocks fl. red

10555 Adiantum, segments
broadly wedge shaped face of cliff

10556 Vine, Convolvulaceae -
dense clump among lime rocks

10557 Trailing herb 4-6 ft.
fls. yellow fruit sticking burr

sides of hill under cliff
10558 Shrub 5 ft. fl. black

on lime rock
10559 Comp. herb 4-5 ft.

among rocks

- 10560 *Orchid* *sp.*
 pair of leaves, thick, sim. but
 no fls.
- 10561 *Palma*, *Guiana* *sp.*
 6-10 ft, fruit pendant, strong yellow
- 10562 *Suzuma*, *tree* 15 ft.
